

KANAGARAJ M

Full Stack Developer

kanagarajkj98@gmail.com | +91 7092182490 | [LinkedIn](#) | [Portfolio](#)

ABOUT

Full Stack Developer with **3+ years** of experience building scalable web applications, implementing real-time features, and developing high-performance internal tools. Strong in **React.js**, **Node.js**, **Next.js**, and **TypeScript** with database knowledge in both **PostgreSQL**, **MySQL** and **MongoDB**. Experienced in designing and implementing **event-driven architectures** to create responsive, efficient solutions.

TECHNICAL SKILLS

Frontend: HTML 5 | CSS 3 | JavaScript | TypeScript | React js | Next js | Electron js

Backend: Node js | Express js

Database: MongoDB | PostgreSQL | MySQL

Tools & DevOps: Git | Swagger | RESTful API's | Postman | VS code

Cloud Services: Auth0 | Firebase

PROFESSIONAL EXPERIENCE

Blaze Web Services Pvt Ltd, Madurai. Full Stack Developer (Full – Time)

Aug 2023 - Present

- Implemented **real-time updates** using **WebSocket** and automated background processing with **Cron** jobs.
- Deployed and managed **AWS** infrastructure (**EC2, S3**) with **CI/CD** pipelines for automated deployments, reducing deployment time by 30%
- Integrated **Auth0** authentication, **Firebase** real-time sync, and **Stripe** payment processing with robust security measures.
- Debugged and **resolved** production issues across Node.js backend, React.js frontend, and Electron.js applications.
- Performed database query optimization in **MySQL** and **PostgreSQL** to improve response times during peak traffic events.
- Mentored junior developers and conducted code reviews to maintain high code quality standards.

Innovation Incubator Advisory Pvt Ltd, Kerala-695581 & Cybersapient Technologies Pvt Ltd.

Software Engineer (Full -Time) (Part of the Same Business Group)

Oct 2022 - Aug 2023

- Built **scalable** web applications for e-commerce and insurance submission platforms using modern frameworks and technologies.
- Designed **responsive** and **user-friendly** interfaces using **Bootstrap**, **Tailwind CSS**, and **Material UI** for enhanced user experience.
- Developed server-side rendered (**SSR**) applications using **Next.js** for improved performance and **SEO** optimization.
- Integrated **Razorpay** payment gateway for secure and seamless transaction processing.
- Implemented real-time order tracking and notifications using **Socket.io** in e-commerce platform.

WORKING PROJECTS

THE CRYPTO EXCHANGE

React.js | Node.js | Express.js | React Redux | SMTP | Bootstrap | Firebase

- Engineered a cryptocurrency exchange platform enabling seamless trading with real-time price updates.
- Integrated **Persona** for KYC/identity verification and Incorporated **Plaid API** to securely link users' financial accounts.
- Implemented **Firebase** authentication and **JWT**-based secure API endpoints using **Express.js**.
- Configured **SMTP** services for transactional emails, notifications, and user communication workflows.

FIVE STAR FANS

React.js | Next.js | React Query | AWS (EC2 | S3) | Bootstrap | Chakra UI

- Integrated **Auth0** for seamless authentication and **role-based access control** (RBAC) for admin and user workflows.
- Implemented **AWS S3** and **Next-S3** Upload for efficient file uploads.
- optimizing database PostgreSQL interactions with **Prisma ORM** and streamlining real-time data management using **React Query** for caching.
- Integrated **SendGrid** for automated email notifications and user engagement campaigns.

MONEYPRINTER APP

React.js | Electron.js | Node.js | Express.js | SMTP | Bootstrap

- Developed cross-platform **desktop application** using React.js and Electron.js for **Windows, macOS, and Linux**.
- Integrated **Firebase, email, and Telegram notifications**, enabling real-time alerts and improving user response time by 25%.
- Implemented **auto-launch** and background scheduling using Electron **auto-start** and node-cron reducing manual startup tasks by 40%.
- Built RESTful API's using Express.js for seamless data synchronization between desktop and cloud services.

EDUCATION

Nadar Saraswathi College of Engineering and Technology, Theni – 625531

June 2015 – Mar 2019

BE Mechanical Engineering - **6.65** CGPA
